PRINCIPAL'S MESSAGE

Living your life to the fullest and obtaining the greatest benefit for yourself and society are the greatest challenges you have. Your family, church, and school have attempted to provide experiences which would develop the ideals and background necessary for you to meet these challenges successfully.

The success you will have in later life will depend greatly upon the manner in which you have used the time available in preparing yourself for the future. Each obstacle you have been able to clear from your path will make it easier for you to achieve your objective later on.

CAUGHT IN THE ACT!!

Kline and Campbell are forever under the hood,
After so much experience, they seem to be good.

There goes James in his hopped-up Ford,
Bet he has the accelerator floored.

In her '55 Ford, Yvonne is a queen,
Riding in this is like peaches with cream.

There sits Gladys, reading fiction,
Maybe she's trying to improve her diction.

After class, you'll find June,
Still sittin' and dreamin' of last night's moon.

Sweet Jazz, Rock and Roll,
Move Gail right from the soul.

Musically inclined are these two friends
Florence and Charlotte make music to no end.

If you want to see a basket made from center line,
Call on Jimmy, he'll do it everytime.

For fast quick moving action ready all the time,
Clarice is a leader, she's captain you will find.

Rangler George, with rope in hand,
He's the greatest cowboy in all Maryland.

Ping Pong Champions they could be,
Bob and Leon you may someday see.

Mischievous, adventurous, like a playful pup,
Donald's always stirring trouble up.

Eavesdropper Bertha is "busy" on the phone,
While embezzler Paulette picks up a few "things"
to take home.

All dressed up and ready to go,
Barb and Jane are good skaters, we know.

Rings on their fingers; Spoons in their hands,
Ruby and Shirley are able to please any man.

Helen and Barb are real ready cooks,
That always helps to fill their date books.

Patsy, Brenda, Marty, and Joanneare homeward bound,
The minute they hear that 3:30 bell sound.

After the dates when the boys are gone,
Gail and San eat till the crack of dawn.

Food delicacies are John's passion
Goodness let's hope there won't be a ration.

If you want to hear a sax that's hot,
Call on Patty, she'll play on the spot.

With brush or broom Paul is tops
Buckets and mops we've all learned to hop.

Mirror, Mirror on the wall
Jean and JoAnn's troubles are small.

When Dorothy opens her purse to look for an item,
She'd better start in spring to find it by autumn.

PROPHECY

Into the Future - October 20, 1964

I have recently returned from a tour across the U. S. looking up my classmates of the class of 1956. I started from the Capitol Airlines Field in Washington, D. C. Before boarding the plane, I went into the Capitol to see Jane Bowman, Barbara Pipes, and Paulette Jones, who are now the under-secretaries of the Secretary of the U. S.

While waiting, I found that my pilots were going to be Larry Kline and Donald Cope. After a short chat, I found that both are having a whirl.

I left the next morning for New York and visited Mary Jean Turney who is now a very successful reporter for the Knickerbocker News.

One spot that must not be missed in a tour of New York, is the Great Atomic Hospital where I saw Gail Pond, Sandra Larrick, and Clarice Etchison decked in their white nurses' caps. Florence Trail is a dental hygienist at the same hospital. Their success is made possible by the help of Mr. Pierce's chemistry class.

On Wall Street, I entered a large office building. The wall directory listed a secretary pool including these former classmates: Martha Condon, June Carpenter, Gail Wolsh, Joanne Mullins, Gladys Day, Bertha Reed, and Yvonne Taylor.

I then boarded the plane at La Guardia and Larry and Donald piloted me to Badly Beat, Texas, where I went horseback riding on the large cattle ranch, "The Crooked G," owned by George Bowman. He told me that Robert Flynn owns an equally large ranch, "The Rusty R," and that James Hill is being "The Dairy King of Texas," because of his herd of prize-winning dairy cattle.

I boarded the plane again, heading home. After landing in D. C., I got in my car and drove to Poplar Springs and visited John Fleming's Carpenter Shop. He told me that Leon Simms is an I. B. M. Operator in Washington and that James Sweep is away at College.

From Poplar Springs I went to Damascus to chat with Shirley Johnson, now Mrs. Wm. Duvall. I learned from her that Patricia Johnson is an Engineer in Washington. She also said that Jo Ann Woizesko is a social worker for an agency in Baltimore and Patsy Warfield is now employed at Spring Grove Hospital. Her friend Brenda Gunther is still with the U. S. Waves.

On my way back to D. C., I stopped at Lisbon High School and found Charlotte Fowble, teaching music to a contented group of youngsters.

Hurrying home, I was stopped by a State Trooper. Much to my surprise, I found that he was none other than Paul Embrey.

I, arrived just in time to go to the evening services at church, and found the guest speaker to be Rev. Alwyn Campbell.

After returning home, I found two letters waiting for me. They were from Barbara Everhart (Mrs. Jack Branch) and Helen Rippeon (Mrs. James Thomas). They are busy making their families happy.

I can hardly believe that eight years ago we were sitting in good L. H. S. wondering what we would be doing in the future. The past eight years have been prosperous and happy ones for us all.

Well, now that I have seen all my classmates, I must get back to my work in the Central Intelligence Agency because my dream also came true.

Good-night world, this gal is tired!
